

Dear Grattan

Concerning the proposed loan and possible donation to cover the costs of obtaining Leading Counsel's Advice, in the absence of legal aid funding for our clients at Dale Farm, I have telephoned the LSC just now and am getting no response – or rather a message advises that they can't take calls. I presume this is due to the snow and lack of staff.

If you wish to transfer the funds to be held by the firm for DFHA, pending your authorisation for the funds to be released, please do so to the following account and provide a suitable reference for our bookkeeper to identify it – eg DFHA – and let me know if/when the transfer is made (1,000 pounds).

I am presently awaiting information from Jan Luba QC as to when he could prepare the Advice.
